GLOCK Optic Ready (OR) Plates Set

⚠ WARNING!

Only fire the GLOCK OR Pistol Models with the GLOCK Cover Plate mounted or a GLOCK OR Plate and Optical Sight installed.

1

Complete the Safety check and Field Strip steps as indicated in the GLOCK Instructions for Use. Place the slide of your pistol on a flat surface making sure that the recoil spring guide ring overlaps the surface.

2

Remove the GLOCK Cover Plate.

⚠ WARNING!

The removed screws should not be used for fixing the OR Plates.

3

Place the selected Plate in the correct position and orientation.

Note: Markings on plate have to face upwards.

4

When the GLOCK OR Plate is completely seated on your GLOCK OR Pistol install the optical system according to the directions of the manufacturer.

5

Only shoot your GLOCK OR Pistol with correctly installed GLOCK Cover Plate or GLOCK OR Plate and optical system.

Service and Cleaning

⚠ WARNING!

Make sure that your GLOCK Pistol is unloaded (magazine removed and chamber empty) before installing/removing the GLOCK Cover Plate or the GLOCK OR Plate.

Cleaning

Before cleaning your GLOCK OR Plate, remove it from the pistol. Only clean GLOCK OR Plates with a dry cloth.

For preventive gun maintenance see the GLOCK Instructions for Use included with the pistol.
