

Successful Premiere of the GLOCK Community Days 2025

Leobersdorf, June 24, 2025 – Two days to remember: With this event premiere, the Shooting Park Leobersdorf sent a strong signal for the shooting sport community. From May 31 to June 1, 2025, numerous visitors came together to share their enthusiasm for the GLOCK brand as part of the GLOCK Community Days – with a program that was athletic, informative, and above all, connecting.

An Experience for the Community

It was much more than a classic shooting sports weekend: the event offered a platform for engagement, training, and competition. From curious beginners to ambitious sport shooters – everyone had the chance to get involved, learn something new, and become part of the GLOCK community. Whether during test shooting with GLOCK pistol models, in expert discussions with GLOCK technicians, or exchanging ideas with like-minded enthusiasts – the community spirit was tangible throughout.

The Highlights at a Glance

The competitions in various disciplines attracted numerous participants. Precision, focus, and a strong sense of responsibility were at the heart of it all, but the fun of the sport was never left behind. "The competitions were marked by fairness and sporting ambition. It was great to compete with others in such a professional setting!" said one of the competitors. Special prizes awaited the winners, from GLOCK pistols to personalized field knives and GLOCK trophies.

Other highlights included test shooting with various GLOCK pistol models, as well as the GLOCK Training, where GLOCK trainers taught the safe and responsible use of the pistol in a practical manner. The program was rounded off by the "Rookie of the Day" competition in which the best first-time shooters were awarded prizes each day and entered an exciting raffle with GLOCK prizes.

A Successful Premiere

"We are proud to have hosted this special event. The response and the exchange within the GLOCK community were impressive," said the organizer, Shootingpark Leobersdorf.
